

Workplace Skills Development

HLT46015 Certificate IV in Population Health

The Workplace Skills Development HLT46015 Certificate IV in Population Health Qualification reflects the role of individuals who provide basic support in population health work. At this level, workers may be autonomous with limited responsibility within established parameters and may be required to supervise and lead other workers.

These programs have been designed with the input of PNG industry and specialist and defined as a community and industry need for those individuals and clients that are not professionally trained in the health sector that support:

- Doctors
- Paramedics
- Nurses
- Health posts
- Remote areas and communities

This HLT46015 Certificate IV in Population Health is a career pathway for entrants wishing to work in the health sector industry.
