

# Workplace Skills Development

## HLTAID002 Provide basic emergency life support

This course provides the skills and knowledge required to provide first aid to a casualty in a remote and/or isolated situation.

Application of these skills and knowledge will be contextualised as required to address specific industry, enterprise or workplace requirements and to address specific risks and hazards and associated injuries.

Course schedules can be tailor made to suit your requirements dependent on numbers. All courses can either be conducted at the training centre at Workplace Skills Development or within your own workplace.

Prior to assessment participants must have completed the course reading information for HLTAID002 Provide basic emergency life support.
